DONATION – THE AUSTRALIAN SPORTS FOUNDATION

As an alternative to sponsorship, you may prefer to make a tax deductible donation to the Club in 2023 through the Australian Sports Foundation. The Australian Sports Foundation are the only organisation in Australia to have Deductible Gift Recipient status for sport which means any donation of \$2.00 or more is tax deductible. If you do choose this option, as it is a donation and not sponsorship, we are unable to offer any of the above sponsorship benefits, however if you have existing signage from previous years sponsorship, we understand this is able to remain. You can find out more about The Australian Sports Foundation on their website at www.sportsfoundation.org.au. We also recommend you seek advice from your accountant if you are considering this option.

We acknowledge the traditional custodians of this Gadubanud country, the land upon which we play.

We also recognise those people who travelled from distant lands to make this country their home and in the understanding of any differences in the past look to strive toward a stronger and more united future.

We acknowledge and pay our respects to elders past, present and future.
